# DRAWER SYSTEMS

GRASS DWD XP DRAWER SYSTEMS

DWD XP not only looks good, but is also very versatile. It has become the benchmark for double-wall drawer systems.

**G\*GRASS®**

The extraordinary running performance of the DWD XP runners with their liquid-filled soft-close damper combine with the elegant design of the double-wall drawer sides to form a drawer system of the highest quality.

Grass DWD XP drawer systems are available in two configurations; trade packs and select single kits:

1. **TRADE PACKS** with sides and runners for 20 drawers, which can be configured to individual requirements with front holders and back clips, as well as choice of gallery rails or inset panels to suit the job.
2. **SINGLE KITS** of H95 standard drawers, individually packed and complete with front holders and back clips, to complete any job where only small quantities of a length are required.

**G\*GRASS®**

## GRASS DWD XP DRAWER SYSTEMS

### H95 DRAWER

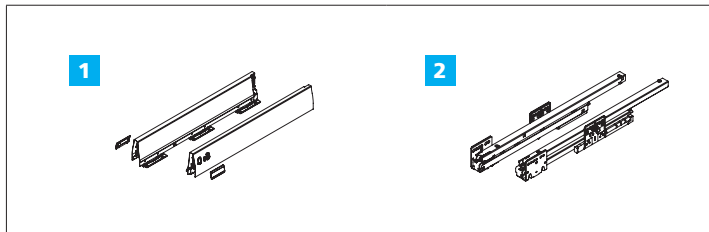

#### To be configured from Trade Packs or Single Kits

- Fully synchronised slide technology without mid-way knock
- Excellent running characteristics
- Maximum stability, minimal drawer deflection
- Integrated side and eccentric height adjustment including locking screw
- Stable front holder
- Removal and transport protection
- Same width of bottom and back panel, further machining not required

#### DWD XP Trade Packs for 20 drawers

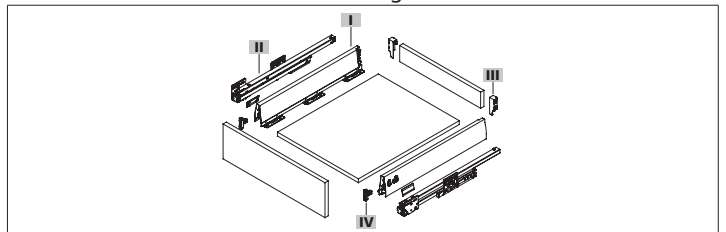

- 1 DWD XP drawer sides H95, with cover caps
- 2 DWD XP Full extension slides with soft-close

NL	Sides	Slides

## GRASS DWD XP DRAWER SYSTEMS

### F8 INSET DRAWER H95

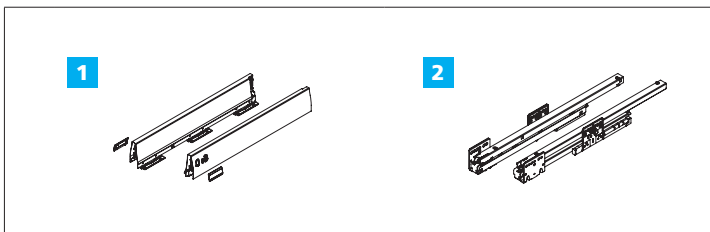

To be configured from Trade Packs or Single Kits

- Colour-coordinated aluminium front panel for cutting to length
- High-quality visual design due to the smooth inside and outside surfaces
- Same dimensions as for standard drawers (inside depth)
- Fully synchronised slide technology without mid-way knock
- Excellent running characteristics
- Same width of bottom and back panel, further machining not required
- Up to 1200 mm wide; to be cut to intermediate widths as required
- Front-bottom connector **F145117993223** recommended from 600 mm width (see accessories)

## GRASS DWD XP DRAWER SYSTEMS

### F8 INSET DRAWER H95 WITH RECTANGULAR RAILING

To be configured from Trade Packs or Single Kits

- Colour-coordinated aluminium front panel for cutting to length
- High-quality visual design due to the smooth inside and outside surfaces
- Same dimensions as for standard drawers (inside depth)
- Fully synchronised slide technology without mid-way knock
- Excellent running characteristics
- Same width of bottom and back panel, further machining not required
- Up to 1200 mm wide; to be cut to intermediate widths as required
- Front-bottom connector **F145117993**223 recommended from 600 mm width (see accessories)

#### DWD XP Trade Packs for 20 drawers

- 1 DWD XP drawer sides H95, with cover caps
- 2 DWD XP Full extension slides with soft-close
